

Chinese Shipping in London

Tuesday 12 September 10:30 - 16:30

Baltic Exchange, St Mary Axe EC3A 8BH

The Chinese Shipping Association of London, supported by the Baltic Exchange, represents a large network of UK-based Chinese professionals in shipping and freight-related markets. As well as providing a gateway for China-based companies looking to expand engagement with the UK maritime sector, CSAL hosts regular networking opportunities and informative events for members.

“Chinese Shipping in London” will focus on changing economic demands in China and the resulting impact across ocean freight markets. Alongside macro-economic analysis from leading experts as well as a look at the potential growth of freight derivative markets in China, the Forum will explore demand for UK shipping services and the role that London’s legal, broking and insurance services play in global shipping. Includes lunch and drinks reception.
