

Baltic ICS Member lectures

SERIES 2

The Baltic Exchange and Institute of Chartered Shipbrokers present a series of lectures in Shanghai, Singapore, Athens and London; intended to support and develop those working in chartering and operations.

Taking place near the end of every other month and including lunch where applicable, lectures are free to employees at Baltic and ICS member companies. Supported by the major broking houses and principals, this initiative is aimed at supporting those developing careers in shipping and encouraging better advocacy across a future generation of industry leaders.

CHINA'S ONE BELT ONE ROAD / MARITIME ARBITRATION (ATHENS)

Lecture no. 5 of 5 | 29 May (Shanghai, London, Athens) & 6 June (Singapore)

The final lecture of the series takes a dive into the 2 trillion dollar One Belt One Road initiative led by China which is transforming global trade and is anticipated to dramatically impact areas covering; 70% of the global population, 75% of known energy reserves and 55% of global GNP.

After the initial, multi-billion dollar investments and development of major infrastructure that's already been seen along the OBOR maritime routes, there can be no doubt of the intention but what will the impact be and where will it most dramatically be felt, what does OBOR mean for shipping markets and who will be the beneficiaries of this truly awesome long term project? Come along on the 29th May and hear our experts explain these angles to OBOR and discuss how it could impact your business.
